

## CAST & CREW ENTERTAINMENT SERVICES COMPLETES ACQUISITION OF CAPS PAYROLL

**BURBANK, CA – August 22, 2016** – Cast & Crew Entertainment Services, the premier provider of technology-enabled payroll and production-management services to the entertainment industry, today said it has completed its previously announced acquisition of CAPS Payroll, a leading payroll provider spanning multiple entertainment markets including commercial production, venues, music tours, live events, unscripted television and independent film.

As previously disclosed, Silver Lake, the global technology investing leader and controlling shareholder of Cast & Crew, committed substantial additional equity to fund the acquisition and support Cast & Crew's continued growth. Following its acquisition by Silver Lake in mid-2015, Cast & Crew has accelerated investments to extend its technology leadership and to strategically align itself for the industry's digital future. In addition to the acquisition of CAPS, itself a technology pioneer in the entertainment subsectors it serves, Cast & Crew's other recent investments include the release of new and advanced digital workflow solutions and the acquisition of screenwriting software leader Final Draft, Inc.

Cast & Crew, a trusted partner to major and independent film and television studios, as well as new media producers, provides clients with a robust portfolio of technology-enabled products and services. Its capabilities include entertainment payroll and residuals processing; products such as its industry-leading PSL production accounting software; workers' compensation programs; and financial services, including production incentive financing, consulting and administration. The company, which is celebrating its 40th anniversary this year, has built a preeminent market position through decades of unwavering focus on client service.

CAPS has a rich 25-year history and provides end-to-end production payroll and accounting solutions for clients of all sizes. The company has particular expertise in commercial production, venues, music tours, live events, unscripted television and independent film, and is known for its technology innovation and strong commitment to customer service. It previously was a portfolio company of Verus Investment Partners, LLC (formerly known as Uni-World Capital, L.P.).

"Cast & Crew and CAPS bring complementary client bases, compatible technology portfolios and similar corporate cultures to this strategic combination. It's an ideal fit," said Eric Belcher, President and Chief Executive Officer of Cast & Crew. "With the closing of this transaction, our combined company can move forward and provide clients with the industry's best suite of technology-enabled solutions and employees with expanded support, training and career opportunities."

Belcher added that Cast & Crew, CAPS and Final Draft have been working together to develop an integration plan that will drive growth, while optimizing client service and innovation, across the combined company. "This is an especially compelling combination of three market leaders with very little overlap and a shared operating philosophy," he said. "We are confident that, together, we will deliver client service and innovative new offerings superior to what any of the three companies could do on its own."

Doug Sylvester, Chief Executive Officer of CAPS, reiterated that the combination of Cast & Crew and CAPS is a natural fit. "Everyone at CAPS is excited about the enormous opportunities ahead," he said. "Cast & Crew and CAPS have the scale, expertise and commitment to innovation and customer service to lead the industry."

"Silver Lake's follow-on equity investment in Cast & Crew underscores our confidence in the company's strategic direction," added Joe Osness, Managing Director at Silver Lake. "With the CAPS acquisition, Cast & Crew is a clear leader in film, television and commercial production payroll and has superior capabilities and technologies to support clients in the dynamic media and entertainment marketplace."
